

Notes

1. UHV compatible 'Normally Closed' Limit Switch, AGP Model No. SWITCH-UHV-NC
2. This switch is designed for plate or bracket mounting inside a UHV chamber, which requires a .375 inch clearance, or .375-24 UNF threaded hole for installation. Note that the maximum bracket or plate thickness this switch will accommodate is 5/8 of an inch. The two stainless steel nuts (supplied) are used to securely lock the switch assembly in place.
3. Custom solutions are available on request
